Good Sized Tax Slash Forecast

Cut May Be 29 per Cent
As Average 29 per Cent
In Last Year Budget

By DICK JACKSON
Edmonton Bulletin Ottawa Bureau

OTTAWA, April 6.—(CP)—The Finance Minister Abbott brings down his budget next month, you'll be getting a tax cut, as good or perhaps even better than last year's average 29 per cent reduction.

The cabinet has pretty well decided, The Bulletin today was reliably informed, that some \$200,000,000 of Mr. Abbott's current surplus, running between \$700,000,000 and \$800,000,000 will be "spent" on cutting income tax.

Still in the process of discussion is the method by which this will be done.

One group in the cabinet supports the idea of a 25 per cent increase on the part of the government, but the other group, which is the majority, supports a 29 per cent increase.

It is believed that the 29 per cent increase will be the one adopted, but the Finance Minister will have to decide whether to go for a 29 per cent increase or a 25 per cent increase.

It is believed that the 29 per cent increase will be the one adopted, but the Finance Minister will have to decide whether to go for a 29 per cent increase or a 25 per cent increase.

WEATHER

Today and Wednesday—Clear becoming cloudy Wednesday evening; continuing cold; light winds.

Edmonton temperatures—

High Monday, 13; overnight low, 10 below; estimated high today, 20; estimated overnight low, 5 below; estimated high Wednesday, 23.

Wednesday sunrise—5:55;

Wednesday sunset, 7:15.

Some of the forecasts of the weather bureau are as follows:

The new rates, covering hundreds of lines of the movement of freight all over the country, implemented on Monday, the 1st of last Tuesday's grating increase.

In addition to a 21 per cent increase for most commodities, the railways also put in a 25-cent increase on coal and coke as authorized by the board.

On Saturday and Sunday, all will become effective Thursday automatically unless the government moves to intervene in the case as a result of notices of appeal given by some of the provinces.

It is believed that the 29 per cent increase will be the one adopted, but the Finance Minister will have to decide whether to go for a 29 per cent increase or a 25 per cent increase.

It is believed that the 29 per cent increase will be the one adopted, but the Finance Minister will have to decide whether to go for a 29 per cent increase or a 25 per cent increase.

Publisher is Lone Libel Defendant

By Jack DeLong
John E. Gillis, circulation manager of New Liberty Magazine, was confined at first as to which issue of the weekly was under fire from the Alberta attorney-general.

Testifying for the Crown today in the libel case against the publisher Jack Kent Cooke of the Toronto magazine, Gillis said he thought a telegram received from a Lethbridge newsdealer on December 15 referred to New Liberty issue of December 20.

Cooke is being tried as a result of the article, "Babies for Export" that appeared in New Liberty issue of December 27 last.

Gillis said the telegram from Lethbridge merely stated there was trouble about distribution of the magazine and did not give the date of issue.

On the following day, however, after telegrams from other Alberta newsdealers had been received in Toronto, Gillis knew it was the issue of December 27 which had been complained of.

Gillis was on the stand for almost the entire morning session of the Cooke trial today.

Chief Crown counsel C. R. Blanchard questioned Gillis at length over telephone conversations he had with John Michaels, president of the Provincial News Company in Lethbridge.

"Cooke is charged specifically with conspiring with John Michaels to distribute the magazine issue in question, containing the alleged defamatory article against the Alberta Child Welfare Commission."

He did not deny, he made it clear his mind in this way.

Gillis said he had informed Cooke about telegrams and telephone calls about distribution of the magazine issue in question, containing the alleged defamatory article against the Alberta Child Welfare Commission.

He did not deny, he made it clear his mind in this way.

Gillis said he had informed Cooke about telegrams and telephone calls about distribution of the magazine issue in question, containing the alleged defamatory article against the Alberta Child Welfare Commission.

Pointing for Best-Calf Honors

THIS SHORTHORN CALF, exhibited by young Tommy Byers, Clover Bar, was uncomproised in the midst of bustle and excitement of preparations for the opening of judging of the calf feeding classes at Edmonton's annual spring show, and was calmly eating its morning ration of hay when The Bulletin photographer caught this shot. Young Byers is hopeful his calf will win the championship of the show in his class.

Flyers Rated 3-1 Favorites

By STAN MOHER
Bulletin Sports Editor

WINNIPEG, April 6.—Flyers got out of the sack Tuesday morning to find they had been installed as 3-1 favorites to put the whistle on Winnipeg Blues in their best Western Canada Allan Cup finals opening in the Manitoba capital Wednesday.

It wasn't made clear just why the Western Canada League kings were so liked, even in Winnipeg betting circles. After all, Blues, with such established stars as Don McNeil, long-snapper, by the Toronto Maple Leafs, Mike Yaskow, who is highly regarded by the latest department of Detroit Red Wings, professional Sam Fabro and Paul Piate and more, don't stack up as 3-1 shooers.

However, that's what the man said—bet three claims to make one if it's Edmonton you like.

GOOD-SIZED RINK
The amphitheatre, where the Winnipeg end of the series will be played, has an ice sheet 200 by 79 feet. There's plenty of running room, even for the speedballs on the Flyers roster.

Neither Louis Holmes or Gordon Buttry, cast as utility men over the past several weeks (that not used) are making the Manitoba Juniors. This leaves Doug Lane, a WHC, star defender, man two seasons back, as the lone steady in case of injuries.

Flyers are looking forward to a real test against Blues. After all, they're not forgetting that the Winnipeggers had what it took to get a split in a two-game exhibition series in Edmonton last fall. And even though the shiny Don Raleigh has since taken out his NHL papers, the New York Rangers came within an eye-blink of hooking on the Calgary, instead! No strength is still easily recognizable.

Swinging Fists
And Pistol Shots
In Coal Walk-Out
PITTSBURGH, April 6.—(AP)—Swinging fists and the crackle of pistol shots fired into the air Monday brought violence to the 22-day national coal union walk-out.

Some 3000 striking pickets resorted to forceful measures in West Virginia, including the burning of a producing state, to advise non-stripping miners to remain closed.

West Virginia's 1200 air Miners (and) joined the rest of the 40,000 coal miners in the United States in ignoring a government order to return to work.

Hottest April 5
For 35 Years
MONTREAL, April 6.—(CP)—Monday was the hottest April 5 in Montreal in 35 years. At 3 p.m. the thermometer at McGill University recorded 62 degrees, just one degree from the all-time high set April 5, 1910.

THIS 'WANTED' MAN JUST NOT WANTED

Robert Howard Nelson, Haverville, Mass., U.S.A., the man who gave himself up to police here Saturday stating he was wanted by the FBI in Washington—is not wanted.

Chief Constable Reg. Jennings said he received word from Washington that according to their files the man is not wanted.

He told police here he was wanted on a false pretences case involving \$12,000. He said he had converted the money to his own use while working for a banking company in the U.S.

Chief Constable Reg. Jennings said investigations are continuing.

Trans-Canada Air Lines have a tentative booking on their Toronto plane tonight for a passenger whose visit to Edmonton was short and sweet.

Dapper Jack Kent Cooke, the 34-year-old "boy wonder" publisher of New Liberty magazine who had flown 2,500 miles to Edmonton for a trial expected to last two weeks, may be back at his Toronto desk tomorrow.

This morning in supreme court, Alberta's case against him for counselling to commit defamatory libel was proceeding briskly. It might well be over by the end of the week.

PLANS IN MAKING
Meantime two other Ontario cities were making plans of their own.

Harold Dingham, the mid-northern, stock-holding writer of New Liberty's "Babies for Export" story, expected to remain awhile in the province gathering material for future magazine articles on Alberta.

Dr. Charlotte Whitten, the energetic Ottawa welfare expert whose IOOE report on Alberta welfare conditions was the basis for that article, expected to remain awhile in the province gathering material for future magazine articles on Alberta.

With Cooke, both are technically charged of the charge of conspiracy to commit libel. The crown's story of proceedings may be the last chapter in one of Canada's most sensational trials.

It was a dramatic, if anti-climatic, moment when Dr. Whitten and Dingham were formally discharged by Mr. Justice Boyd McIlreid. The development came with bewildering

Slain Boy's Funeral Held

INNISFAIR, Alta., April 6.—(CP)—David Reid Conrad, 24 years, allegedly beaten to death with a leather strap last Thursday, was buried here Monday. His father, Mrs. Clint H. Conrad, is awaiting trial in Calgary on a murder charge.

In an interview after the funeral, the woman's husband, mail carrier for the Caroline district, 40 miles west of here, said adoption papers for the boy had "gone through" only three months ago. He said a three-year-old girl also lived in his home but he had never adopted her.

Conrad said welfare officials had not visited his home either before or after the adoption papers were signed.

Conrad said that when he entered his home about 10:30 p.m. he found his wife hysterical. Upstairs on a blood-stained bed he found the mutilated body of the little boy.

CALGARY, April 6.—(CP)—There will be no inquest into the death of David Reid Conrad, adopted son, the Alberta attorney-general's department announced Monday. Evidence normally presented at an inquest will be given to the jury at the preliminary hearing.

The hearing was expected to be held at Red Deer, Alta., instead of here, but it was learned Tuesday that the Crown may seek a further adjournment to prepare its case. An eight-day remark was requested by police when the warrant for his arrest was sworn out last Friday.

\$70,000 Theft
NEW YORK, April 6.—(AP)—Two masked men entered the offices of E. T. Love, chairman of the top floor of a 14-story skyscraper building Monday night and escaped with an estimated \$70,000.

CASE EXPLODED
It was Mr. Justice McIlreid's ruling that the conspiracy charge should be heard first that exploded the case.

In morning, flanked by two RCMP in scarlet tunics, Cooke was smiling and jaunty as the case against him continued. It looked as if he might be picking up that plane reservation.

Special Tribute
Paid to U.S. Army
WASHINGTON, April 6.—(AP)—The United States paid special tribute to the men of its army today as they celebrated the first anniversary of the First Great War. President Truman and his cabinet were to lead the observance by reviewing a parade here of special contingents of soldiers, sailors, marines and national guardsmen.

HON. W. A. FALLOW
IS BACK AT POST
Hon. W. A. Fallow, minister of public works, returned to the legislative buildings on Tuesday after a seven-week absence.

Mr. Fallow, on physician's orders, took a vacation from his work at Phoenix, Arizona and returned to Edmonton on Monday evening. Mrs. Fallow accompanied him on the trip.

The minister appears greatly refreshed from his holiday.

Roads were terrible—till we got into Alberta," he quipped.

He will take over the duties of acting premier, in addition to his public works portfolio, until the return of Mr. Manning, absent on a private trip for a few days.

HOME LEDUC No. 5 NEW PRODUCER

Canada's top independent oil producer brought in one of the best of Texas oil fields Monday afternoon when Home Oil Leduc No. 5 gave a flush flow of 12,000 barrels per day.

This well is situated in the heart of the Leduc field, the quarter section that had previously given some two million barrels of oil.

The latest success came two days after the well was drilled from 122 feet. It was drilled to 120 feet for production and left the top zone for a later well.

Alberta to Join In Rates Protest

Alberta will join with other provinces in sending representation to two Ottawa meetings in connection with the recent decision of the Board of Transport Commissioners to permit a 21 per cent boost in freight rates.

Premier Ernest Manning announced Monday J. J. Frazer, KC of the Alberta Attorney-General's department, who carried Alberta's case to the federal court, would represent Alberta at a meeting to be held in Ottawa, probably on Tuesday.

This meeting will be attended by representatives of the provinces protesting the increased freight rates.

Mr. Manning also announced he intends to attend a conference of all provincial premiers who are opposed to the boost.

This conference will be called for April 24 in Ottawa.

British Budget Hits Pleasures

Higher Taxes Are Imposed On Tobacco, Liquor and Pools

By Stuart Underhill

LONDON, April 6.—(CP)—Sir Stafford Cripps today presented to the House of Commons a "restrictive" pleasure budget for 1948-49. The chancellor of the exchequer, making his first budget speech, rejected proposals for a levy on "capital" but in gunning for new revenue to build up an "anti-inflationary" surplus announced:

1. A "non-cumulative" levy on investment income.
2. Increased taxes on alcohol and tobacco.
3. Doubling of the 10-per-cent tax on football and other sports pools. Britain's most popular form of gambling.
4. More generous income-tax allowances to free many low-paid workers of income tax.
5. Reductions in the purchase tax.

In a three-hour speech which had been eagerly awaited by the house, Sir Stafford Cripps said that the current recent days, that a capital levy would be imposed, such an imposed was impracticable at present. He proposed to leave "further restriction of profits until next year."

INVESTMENT LEVY

But his levy on investment income applies to those who receive more than £2,000 (\$8,000) a year with investment income of more than £250.

To men in the street, the shock was contained in the new taxes on alcohol and tobacco. But the less, perhaps, that the new tax-payers in 1948-49 could count on.

Exemptions and reductions substantially reducing income tax, especially on smaller incomes.

Cut in the purchase tax which would save consumers £300,000,000 annually.

Continued food subsidies worth 13 to 14 shillings (£2.50 to \$2.50) weekly to each family.

No cuts in social services.

The standard rate of income tax remains unchanged at nine shillings in the pound.

Sir Stafford told the crowded Commons that the levy on investment income of £250 to a maximum of £10,000, £2,000. Total income must exceed £2,000, however, before the levy is applicable.

RAISE EXEMPTIONS

The chancellor of the exchequer said 500,000 persons would be removed from paying income tax by increasing from £250 to £275 the amount of earnings exempt from income tax. He also raised the "earn-

POLICE PROVE FOXP ON THIS FOX HUNT

NEWARK, N.J., April 6.—(AP)—Police rode to the bounds Monday night to hunt a fox.

Patrolmen, assisted by two cats who assumed the role of hounds, gave chase to a startled fox which found itself out of bounds.

It lasted two blocks before the cats cornered the animal, giving police an opportunity to move in with drawn guns.

But some local youngsters, unversed in the rules of the hunt, frightened off the cats.

It was enough for the fox. Unperturbed by the remaining policemen, he made his dash for freedom.

Police say he's still unreported somewhere in Newark.

CP Airlines Operate at Loss

MONTREAL, April 6.—(CP)—Annual report of the Canadian Pacific Railway company, released Monday, said almost all non-schedule or charter services were at a loss.

By Canadian Pacific Air Lines Ltd., which was relinquished during the early part of 1947.

This action resulted from realignment of services following a survey by the air transport board of Canada's air transport requirements.

On the other hand, said the report, certain new routes were being aligned, including the scheduled service between Vancouver and Prince Rupert.

Other routes mentioned were Vancouver and Calgary via the Okanagan Valley, Vancouver and Flin Flon via the Selkirk and Flin Flon, and Vancouver and Seattle via the Puget Sound.

The loss of earnings from the charter operations previously conducted and the cost of organizing and developing the new routes, combined with the increased costs

Ex-Congressman Dies in Springfield

SPRINGFIELD, Mo., April 6.—(AP)—James P. Fulbright, 71, who served three terms in the United States Congress, died Monday night.

Fulbright, Democrat, was elected from Missouri in 1922, and re-elected in 1926 and 1930.

Cylinder Blows But Plane Lands Safely

NEW YORK, April 6.—(AP)—A Boeing B-29 Superfortress bomber plane landed safely at MacArthur field today after developing engine trouble over Long Island Sound.

A spokesman at the field said the jetliner, a D-4, was on a test hop when a cylinder in one of the engines blew out. The plane carried a crew of three on the hop.

The loss of earnings from the charter operations previously conducted and the cost of organizing and developing the new routes, combined with the increased costs

84-Day-Old Strike Of Coast Miners Ends

NANAIMO, B.C., April 6.—(CP)—Vancouver Island's 1,300 members of the United Mine Workers of America (UMWA) Monday voted 649 to 301 in favor of accepting a daily wage increase of \$1.75 to end the 84-day-old coal mine strike.

Ed Boyd and William Ure, officers of district 18, UMWA, announced the strike was settled on a "satisfactory basis" and an agreement between the miners and Canadian Collieries (Dunsmuir) Limited was already signed.

The officers said date of resumption of work at Nanaimo and Cumberland mines would be announced following a meeting of local union officials and mine operators. Some men, however, were expected to return to Cumberland mines today.

The miners, before acceptance of this offer, had stood pat on a demand for a \$2-daily wage increase.

The settlement included these provisions:

1. An increase of \$1.75 to all employees.
2. An increase to the welfare fund of from three to five cents per ton.

HOLIDAY ADJUSTMENTS

1. Adjustment in holidays with pay conditions.
2. Retrospective increases of \$1.75 per day to all maintenance men who have worked since Jan. 14 work stoppage.

The district 18 officers said the UMWA had been paying strike benefits to the idled miners from a strike relief fund for the past six days.

HE CAN SOLVE HOME PROBLEM

BINGHAMTON, N.Y., April 6.—(AP)—Fourteen-year-old "Mayor" Nathan Bloom, the city's chief executive for a day, has a solution for the housing problem.

Nathan, elected "mayor" in a boys' club contest, suggested that schools be turned into apartments. "There are too many schools, anyway," he said.

Warning Is Given Of Flood Danger

There is grave danger of floods in Alberta during June and July, according to provincial government officials.

Heavy snow in the mountains gave rise to the fear expressed on Tuesday, that when the warm weather of the summer penetrates the mountains the heavy snow may mean serious flood conditions in the North Saskatchewan, the Red Deer, the Bow and Highwood rivers.

Early spring floods would be of the "flash" variety and would be "disastrous," said Ben Huesel, director of water.

"We have this threat of floods every year," Mr. Huesel repeated. "It all depends on the speed with which the snow in the mountains disappears. Spring floods would only be the result of snow melting on the prairies."

12 Britons Killed In Attack by Jews

By LEO TURNER

JERUSALEM, April 6.—(AP)—Arab forces killed 12 British soldiers in three speeding cars today in a "raid" on the city.

Mr. Koeler came to Edmonton 36 years ago from Norfolk, England, and had been engaged in the painting and decorating business since that time.

He is survived by a son, Frederick, and one daughter, Mrs. George Taylor, both of Edmonton.

Last rites will be held Thursday at 2 p.m. in Howard and McBride funeral chapel, Very Rev. Dean A. M. Trendall officiating.

FALL DOWN STAIRS FATAL TO CITY MAN

A fall down stairs proved fatal to Joseph P. Keeler, 63, 10538 105 street Monday night.

He was using a hall telephone when he lost his balance and plunged down a flight of stairs into the basement of his home.

He died without regaining consciousness.

The operator proposed a conference at 3 p.m., CST, just three hours after the act was made.

There was no immediate indication whether Lewis would accept or reject.

A court order issued Saturday by Federal Judge Matthew McGuire under the Taft-Hartley act required the operators to act.

The court also directed Lewis and his United Mine workers (U.M.W.) to end the 23-day-old soft coal strike and negotiate the dispute over pensions for retired miners.

Battle Against Rats Starts in New York

NEW YORK, April 6.—(AP)—New York city today planned an all-out battle against an estimated 8,000,000 rats which are costing the city \$450,000 a year.

A special rat control committee meets to map its campaign to rid the city of the rodents.

100 Evacuated As Fire Threatens

SAINT JOHN, N.B., April 6.—(CP)—At least 100 persons including 48 children were evacuated safely early Tuesday at three ten-

The court also directed Lewis and his United Mine workers (U.M.W.) to end the 23-day-old soft coal strike and negotiate the dispute over pensions for retired miners.

Battle Against Rats Starts in New York

NEW YORK, April 6.—(AP)—New York city today planned an all-out battle against an estimated 8,000,000 rats which are costing the city \$450,000 a year.

A special rat control committee meets to map its campaign to rid the city of the rodents.

100 Evacuated As Fire Threatens

SAINT JOHN, N.B., April 6.—(CP)—At least 100 persons including 48 children were evacuated safely early Tuesday at three ten-

Soviet-Finn Pact Reached

HELSINKI, April 6.—(CP)—A Finnish-Russian friendship and assistance treaty was signed in Moscow today. Finnish officials announced. Details were not available immediately.

The Finnish delegation has been in Moscow for 15 days negotiating the pact. Delay in the negotiation was reported to have arisen over the Russian desire to give Finland military aid automatically in the event of war, while Finland wanted the aid provided only if she asked for it.

President Juho K. Paasikivi conferred with his cabinet this morning. Information received from Moscow last night indicated a Finnish delegation is expected to return before the weekend. It has been in the Russian capital since March 25.

Dispatches from Moscow said the Finnish delegation conferred in the Kremlin for an hour last night with Foreign Minister Molotov and other Russian diplomats. The talks had been suspended several days while two Finnish delegation members came back to Helsinki for new instructions.

The treaty was suggested by Prime Minister Stalin in a personal letter to President Juho K. Paasikivi late in February.

Stevodore Strike In London Settled

A 26-hour walkout by more than 6,000 stevedores ended Tuesday with the settlement of an inter-union dispute. The strike had tied up 45 ships at five London docks.

The strike began when the Amalgamated Stevedores and Dockers Union declared the Transport and General Workers Union was trying to raid its membership.

Phillips' Milk of Magnesia

GENUINE LAXATIVE EFFECTIVE

NEW YORK, April 6.—(AP)—Six Manhattan bus routes were halted today by a bus stoppage of their 300 drivers in a dispute over schedules, and there was a hint of eventual spread of the tie-up to other bus lines. Schedules on various transportation lines were stepped up to handle the extra load.

ment buildings on north end Main street were threatened by fire.

7,000 Anthracite Miners Quit Work

Union Officer Says No Strike, Tired Being Pushed Around

POTTSVILLE, Pa., April 6.—(AP)—More than 7,000 anthracite miners left their jobs today in a stoppage which officials of the United Mine Workers (I. M. W.) said is "apparently in sympathy with the bituminous miners."

Martin F. Brennan, U. M. W. district 7 president and a trustee of the Anthracite Health and Welfare Fund declined to call the action a strike.

"We (the union) have nothing to do with it," Brennan said. He added that the stoppage is "due to resentment the miners have felt for months and months against Lewis and their organization being pushed around."

OPERATORS SURPRISED
Operators said they were "surprised." A spokesman for one major firm said his company had no warning the men would not work as usual.

Many miners went to the pits then turned around and trudged back home.

Total employment in the anthracite field is 80,000. A dozen mines were idle here and at nearby Ashland, at Wilkes-Barre further north, and at Shamokin. Operations of the big Philadelphia and Reading Coal and Iron company were shut down in the Pottsville-Ashland section.

LARGEST PRODUCER
And further north at Wilkes-Barre, a total of 1,000 men remained away from two operations.

EUROPE RELIEF "DRIED EGGS"

LONDON, April 6.—(AP)—The Communist Daily Worker published an editorial Monday about the imminent inception of the European relief program. It was entitled: "Dried eggs in sight."

of Glen Alden Coal Company, world's largest producer of anthracite.

John Egan, of Pottsville, a board member of District 9 United Mine Workers, said the stoppage "apparently is in sympathy with the bituminous miners."

"It's something the men decided themselves. There has not been any order by the district, and the district has not sanctioned the strike."

Operators said they had no advance warning.

Edward A. Lynch, personal director of the big Philadelphia and Reading Coal and Iron company, said he had "no idea of any strike."

The stoppage came "without warning" to the company.

Chaplain Stabbed

TOKYO, April 6.—(AP)—The United States Army Roman Catholic chaplain of Sugamo prison was found fatally stabbed last night near the prison, where Japan's major war criminals are kept.

If you can take your eyes off Pat Becker long enough, consider the fruit on the tree. They're lemons! The Ponderosa variety grows in Lake Wales, Fla.

Snow Blankets Southern Sask.

REGINA, April 6.—(CP)—Southern Saskatchewan was blanketed with snow Monday for the second time in the last two weeks, further tangling already-blocked road traffic.

Highway engineers had estimated earlier it would take until the end of the week to clear southern roads and it was expected Monday's snow would mean further delay.

A department order ruling vehicles weighing more than 6,000 pounds off the roads remained in effect. It had been imposed last week as a result of alternate thawing and freezing of roads.

LIFE IS SAVED THEN SON BORN

UDDINGSTON, Scotland, April 6.—(Reuters)—A few hours after saving her father-in-law from a mad Friesian bull with the aid of a carpet beater, Mrs. Cissie Munro gave birth here to a healthy 8½-pound son Monday.

Mrs. Munro, 35, received injuries in warding off the bull, which had knocked down her husband and gored him.

Reynolds Outraces Chinese Demands

TOKYO, April 6.—(AP)—Outracing a demand that he be returned to China for illegal departure, Millonaire Milton Reynolds made a fast take-off from Tokyo for the United States Monday night.

"I'll be so happy to get back to the United States that I'll never leave there again," exclaimed Reynolds, whose hunt for the world's highest mountains ended in recriminations and melodrama.

Chinese officials impounded his plane at Shanghai Saturday because he cancelled the expedition to survey the Amme Machin range of Western China.

About the time Reynolds took off from Tokyo's Hansu field, Nanking reported the Chinese government had asked its Tokyo mission to demand that he be sent back to China.

Counterfeiters Get One Year in Jail

THREE RIVERS, Que., April 6.—(CP)—Judge Leon Lajoie Monday sentenced Reuel Auger and Jean Marie Lajoie, both of Shawinigan Falls, Que., to one year in jail for having used and having been found in possession of counterfeit \$10 bills.

Auger had the fake \$10 bills while printing presses and plates were found at Auger's home. About \$900 of the bills were placed in circulation.

EERIE GROUP FACES EXTINCTION

Ghosts May Frolic Again If This Club Folds Up

LONDON, April 6.—(Reuters)—Because one of Britain's most exclusive clubs today finds itself threatened with extinction, harassed ghosts may in the future rattle their chains in peace and perform their pranks without fear of interruption.

The Ghost Club, which probably holds more eerie secrets in its London archives than are contained in the whole history of supernatural literature, is likely to disband because of the death this week of its chairman, Harry Price, Britain's No. 1 haunted-house investigator.

K. E. Shelley, London lawyer who is the club's vice-chairman, told Reuters "there is no one to take his place—no one of his unique experience, financial resources or leisure to carry on the investigations."

Doctors, lawyers and prominent business men were members of the club which has existed about 70 years.

All are under an oath of secrecy not to divulge what goes on at their closely-guarded meetings.

Shelley described the organization as "a body of extremely sceptical men and women who meet in private to discuss the latest news of the psychic world and the doings of the supernatural."

Only a few days after the death of the man who spent a lifetime investigating ghosts, critics have arisen to dispute his claims.

Douglas Cragg, vice-president of the Magic Circle, an organization of conjurers with an interest in psychic phenomena, said: "Price was the complete sceptic at heart."

He did not believe in ghosts, haunted houses, in mysterious rappings in crabs, bangs, apparitions from nowhere."

Price, who died at the age of 67, sought for more than 15 years to solve the mystery of Borley Rectory in Suffolk, England. The old building were said to have disappeared and reappeared without explanation and eerie footfalls were reported heard in the night.

Bishop Pictures Missionary Work

TORONTO, April 6.—(CP)—Missionaries in the Canadian west and northwest must be prepared not only to win Eskimo and Indian converts but also to minister to the white population in sparsely settled areas, Most Rev. Rosario Broder, Roman Catholic bishop of Alexandria, Ont., said in an address Monday.

The former Western Canada missionary told the annual meeting of the Women's Auxiliary of the Catholic Church Extension of Canada that the northwest presents a complexity of problems for the mission.

"The work of the Catholic church extension is not only to convert the pagan of the north but also to work among the populated and thinly-settled regions, to help the white man as well as the Indian and Eskimo."

"Extension must provide chapels and equipment and come to the assistance of the poorly-housed, lonely missionary, who has to carry on his work through the hard frosts of winter and the dead heat of summer."

Soviet Industrial Goals Realized

GENEVA, April 6.—(AP)—The economic commission for Europe said today that the Soviet Union and her neighbors have raised their industrial production to levels consistent with the achievement of their five-year plan goals.

The commission, a United Nations body, said prospects for the industrialization of Eastern Europe apparently have increased since the war.

Before the war Germany dominated the foreign trade of Russia's neighbors. Germany was a buyer of foodstuffs and raw materials and a supplier of manufactured goods.

The Soviet Union, on the other hand, is chiefly a source of supply for raw materials and foodstuffs and a market for industrial goods.

Police Fire Kills 4 in Street Riots

Cairo, April 6.—(RUP)—Four persons were reported killed and 130 wounded today when troops fired on crowds rioting at Alexandria for the second straight day.

Authorities reported that at least 32 persons were killed Monday in the wave of violence touched off by Alexandria by a strike of police forces for higher pay.

Trouble broke out again today in several parts of the city, and the First Aid Society reported four dead and 150 wounded.

The police had gone back to work earlier today. They said they

Plane Returns Crew From Longest Tour Pacific Northwest

VICTORIA, April 6.—(CP)—The 18-man crew of the Victoria tug Snohomish returned here by plane last night from Argentina via Toronto after a six-month absence on the longest tour ever made in the Pacific northwest.

The Snohomish left Seattle Oct. 15 last year, towing a barge with six steel tubes aboard. It reached its destination—Montevideo—Jan. 15 after going around on San Marcos Island, off the northeast coast of Brazil.

The tug was consigned to private interests and the 139-foot Snohomish was sold to the Argentine government.

Russian Claims Win Agreement

LONDON, April 6.—(AP)—Deputies of the Big-Four foreign ministers Monday agreed on three important Russian claims for its rights in Austria.

The oil claims are part of Russia's general demands for compensation from Austria to return for surrendering claims on former German property in that country.

British observers said the agreement and the general atmosphere of the Russians' meeting considerably raised hopes for an overall settlement of the problem of German assets in Austria, which has been delaying the Austrian peace settlement.

Under the agreement Russia would get:

1. Allocation from existing oil properties of between 58 and 60 per cent of the present output. Russia had sought two-thirds of the output.

2. Contracts to obtain that amount of oil from presently developed wells for 30 years, exploration rights for eight years and production rights for 25 years from such new wells as it discovered.

The Russians had sought both production and exploration rights for 30 years.

3. Refineries with a capacity of 420,000 tons a year, a capacity 30,000 tons less than was originally demanded.

Arab Leader Can't Stop in Britain

LONDON, April 6.—(AP)—For lack of a visa, British authorities refused Monday to let Jamal Effendi Hussein, Palestine Arab leader, stop over in Britain on his way to New York. Hussein, nephew and assistant man of the exiled Mufti of Jerusalem, said he had been ordered to postpone his visit to the British cabinet against the sale of air strips and military camps in Palestine.

The Arabs contend these are Arab properties.

He returned as a patriotic duty to halt the violence.

EDMONTON LAD OF 2½ MADE U. S. CITIZEN

SAN FRANCISCO, April 6.—(CP)—A 2½-year-old boy who came here from Edmonton, Alta., was granted U. S. citizenship today by Federal Judge Michael J. Roche, who criticized the U. S. immigration service.

Mr. and Mrs. Aaron M. Underkoffler, adopted the boy in Edmonton two years ago and brought him here. They thought that made him a U. S. citizen but immigration officials said no.

They ruled that, the foster parents would have to re-adopt him, and Underkoffler appealed. Judge Roche overruled the immigration service, saying: "It's about time that the human side of these cases got some attention in this court."

Mentioning Canada, Judge Roche commented without elaboration: "It won't belong before this is all one country." Later he told reporters he had in mind the "community interest between Canada and the United States. He considered it only a matter of time before the two would be united politically."

TENTS IN VOGUE FOR OLYMPICS

LONDON, April 6.—(AP)—Having trouble finding a hotel room for the Olympic? Bring a tent.

Campers were informed that space will be available for 5,000 at a special price in London's West End district. Rates will be \$2 to \$4 for the duration of the games, July 29 to August 14.

Cons. Party Claims Big Election Gain

LONDON, April 6.—(CP)—Amended unofficial returns in Saturday's municipal elections show that the Conservative party gained 158 council seats and lost nine party headquarters.

Conservative tabulators reported that the trend to the right cost the Labor unionist left more than 300 rural and urban district councils.

The Labor party said it made no tabulations of the elections and had no immediate comment. Voting to fill 1,002 seats in more than 300 districts continues through Tuesday. These elections are distinct from the annual fall coning in the incorporated boroughs.

U.S. Mediterranean Fleet Commences Week's Manoeuvres

ATHENS, April 6.—(RUP)—The American embassy announced Tuesday that the U. S. Mediterranean fleet had begun week-long manoeuvres in the Aegean Sea.

The light cruisers Rochester, Manchester and Dayton and the destroyers Brownson and McCord left Piræus, the port of Athens, early Tuesday morning to take part in the exercises.

The embassy statement said the operations were "routine training exercises."

Indson's Day Company

INCORPORATED 27th MAY 1920
Wednesday Store Hours 9:30 a.m. to 12:30 a.m.

HALF-DAY SPECIAL VALUES

BOB SIMMONS is improving his buildings with aluminum roofing, ventilators and flashing not only because it's attractive and pleasing ... or because, being light, it's easy to handle. No. He's not being "fancy," he's being far-seeing.

For aluminum lasts—it is non-rusting. Aluminum needs no upkeep.

Because it has these qualities, new uses for it are being found daily. It is ideal for many architectural applications—so easy to clean and keep clean. It is being used for all sorts of tools and implements. As paint, it provides a weather-resistant metallic shield.

Bob Simmons' wife, too, finds aluminum a labour-saver—as pots and pans, in the washing machine, vacuum cleaner, brooms, mops, dust-pans ... A versatile metal—aluminum!

Passing our "Know How" along

We are continually exploring the rich possibilities of Aluminum; developing new alloys, improving fabricating methods, studying new uses.

Such information is passed along to the thousands of Canadian engineers and production men who work for the independent manufacturers making the Aluminum products you see in your neighbourhood stores.

ALUMINUM COMPANY OF CANADA, LTD.

WORKS Fast

Allison of bottles of this well known cough remedy are being sold every year all over Canada and the U.S. FERTUSSON was good. And it is good. Allison of people know that it gives quick relief. FERTUSSON can be seen. You don't have to suffer the misery of rattling cough—get FERTUSSON. Safe for young and old—even small children get all Drug Stores.

Ashby to Demand Letter Delivery

Rules Must Be Changed To Permit Service to Veterans

By Dick Jackson
Edmonton Bulletin Ottawa Bureau

OTTAWA, Ont., April 6.—East Edmonton's Social Credit MP Pat Ashby Monday served notice on Postmaster General Ernest Bertrand that if departmental rules and regulations prevented delivery of mail to residents of the Grierson Estate, then the rules and regulations would have to be changed.

The postmaster-general's answer amounted to an unimpressed "Oh, yes."

When the Commons opened Monday afternoon, Mr. Ashby was all set to cross the floor and take up East Edmonton's "mail muddle" with Prime Minister King, but as Mr. King will be enroute home from Virginia, the Commons will be adjourned for the next best thing, an interview with the postmaster-general.

Mr. Ashby was still determined to demand of Mr. King on his return, the scarp of deputy-postmaster-general Walter Turnbull as a "dictator-minded bureaucrat."

That admitted Mr. Ashby, might scarp a little more of the Turnbull scarp. "As soon as Mr. King gets back I'll see him and demand Turnbull be fired," he said.

Mr. Ashby said he was not interested in what happens. "I'm all about the mail."

He said the postmaster-general, the full story of the denial of delivery service to the Grierson Estate.

And he got the same answer from Mr. Ashby, "I'll see him and demand Turnbull be fired."

He said the postmaster-general, the full story of the denial of delivery service to the Grierson Estate.

TRAPPED ON ROCKS below Chain Bridge in Washington, D.C., 17-year-old Robert Burley starts up rocks guided by fireman M. C. Fairall. Burley and two other youths Robert Horne, 10, (left) and 16-year-old Jackie Hughes who had already been hauled up the bridge's central span, were trapped by high tides and strong currents.

Possibility of "Polar War" Discounted by Air Officer

Posibility of a "polar war" appears to be out of the question, Air Vice-Marshal K. M. Guthrie, aid officer commanding NWAC, told a party of visiting American newspaper and radio men today.

Mr. Guthrie was addressing a special press conference for the men who are on the return leg of a tour through the far north.

There is a limit to the number of men that could be stationed in that area and the question of taking in supplies would provide a big problem on employment on agriculture, but the DDP problem would form a part of the business.

Mr. Guthrie told the press conference that the NWAC is not planning to send a large force to the Arctic.

He said it would be hard to estimate the number under training as numerous different types of programs are being carried out. He said that Canada's permanent air force strength is 30 per cent of the present objective.

Mr. Guthrie said he expected to see the jet plane replace the bomber as a bomb carrier. He said they can't carry nearly the load and their range is shorter.

One of the main problems to a certain extent, he added. Main target of the RCAF at the present time is the training program being carried out across Canada.

Gas Company Report Shows Steady Growth

Twenty-fourth annual report to shareholders of North-western Utilities, Limited, submitted by President H. R. Milner, shows that during the year ending Dec. 31, 1947, the company expended \$1,500,170.07 on capital account.

Business of the company shows continuous expansion, with customers increasing from 10,073 in 1934 to 27,284 in 1947. Close to 4,000 customers were added last year alone.

Since 1934 the average unit cost to customers has fallen by 31.56 per cent. Last year the consumption of gas was over four times as much as in 1934, while the revenue was less than three times as great.

Using the figure for 1934 as a base (100), the consumption per customer had increased to 183.00, while the average revenue dropped to 85.84.

During the period the line to Red Deer and the distribution system in that city were completed and 20 additional miles of 16-inch and third transmission line from the Viking-Kinsella field were constructed. Four new wells were drilled, which with seven others previously completed, were connected to the field gathering system.

At the end of the year net current assets stood at \$40,081.02. In 1947 per cent of the capital structure.

In referring to possible expansion of gas to Pacific states, it is pointed out the sum of 25 million already has been invested by the company in plant for production, transmission and distribution and by its customers for domestic and industrial appliances.

That amount and the millions more which will be invested in the future must be fully protected. The future of Edmonton may well depend upon an assured supply of "gas."

It is suggested that with so much at stake, every effort should be made to conserve for central Alberta our presently abundant reserves of natural gas.

Mr. Milner is the president of the International Federation of Gas Consumers' Unions, and is also president of the Gas Consumers' Association of Canada.

Mr. Milner is a captain of the Free French forces during the war, was awarded the Legion of Honor and the Croix de Guerre, and at 24 was the youngest member of the de Gaulle government assembly.

MARCH WAS TIPSY MONTH

March's lion (or lamb) was slightly on the tipsy side this year.

Liquor offences during the month reached an all-time high. Det. Sgt. W. A. Smith, head of the morality squad, revealed today.

Charges arising from the misuse of alcohol, ranging from intoxication to keeping a liquor licence, were 100 in March, compared with 85 in February.

DP's Placement Up For Discussion At City Meeting

Placement of displaced persons from European refugee camps on Alberta farms will be discussed by the Dominion-Provincial farm labor committee, meeting on Tuesday in Edmonton.

Mr. H. Putnam, director of extension, department of agriculture, announced the meeting today and said the committee would discuss all phases of employment on agriculture, but the DDP problem would form a part of the business.

Mr. Guthrie told the press conference that the NWAC is not planning to send a large force to the Arctic.

He said it would be hard to estimate the number under training as numerous different types of programs are being carried out. He said that Canada's permanent air force strength is 30 per cent of the present objective.

Mr. Guthrie said he expected to see the jet plane replace the bomber as a bomb carrier. He said they can't carry nearly the load and their range is shorter.

One of the main problems to a certain extent, he added. Main target of the RCAF at the present time is the training program being carried out across Canada.

Liberal Council Meet in Calgary

Alberta Liberal Council will meet in Calgary on Wednesday.

The council consists of members of the provincial executive, defeated candidates and members of the party from every constituency with representation from Women's Liberal Council and Young Liberals.

It is expected more than 30 party followers from Edmonton will attend the sessions.

The Alberta Women's Liberal Association are holding a conference in Calgary on Tuesday.

It is expected a committee will be set up to meet at a date yet to be determined.

Principal speaker at the dinner on the evening of April 11 will be Campbell Young, who was a delegate to the World Youth Congress in London last year.

Mr. Young has been selected for his topic "Religion Plays Its Part in World Peace."

SHOPPING GUIDE

Hothouse Tomatoes On Market By Mid-April

Half way through the month of April we should see hothouse tomatoes on the market.

Following the rule of supply and demand, price of some tomatoes will probably be in the plutocrat class. But most of us will be thankful for small mercies and welcome them regardless of the market.

Merchants have found that customers, hovering around the per pound, have not gone over with any special "huh" support the budget will stand only as much strain.

Browsing about the vegetable markets, you'll still see plenty of cabbages and cabbages. But not for long—soon we'll be dining almost exclusively on the low turnip and what like turnips? Not me.

Of course the possibility that our Mr. Abbott might raise the ceiling—and once more we could import carrots in cabbage—but that of the price. Up would go the cost of living with a terrific burst and what would we turn then?

But on to other things: This seems to be the psychic moment to mention your lunchbox. It's not a square—and with four matching activities to boot.

Some new, tinted Chinese water color notes—little

Your Individual Horoscope

Look in the section in which your birthday comes and find what your outlook is, according to the stars.

FOR WEDNESDAY, APRIL 7, 1948.

March 21 to April 20 (Aries).—Too much or too little, depending on how much you want to know. Aim at that happy medium, that because of the ambivalence, deserves success. No achievement, however, for the lack of action or complacent attitude.

April 21 to May 20 (Taurus).—Note Aries' your planetary aspects indicate similar day. Get after it, mental things, watch for decisions to be made quickly. Act wisely and, as always.

May 21 to June 21 (Gemini).—No unnecessary criticism, especially when you are employed in the home. Keep disposition even and smiling. Be sure you know all angles to measure your success or failure.

June 22 to July 23 (Cancer).—Born before July 8th? Be on the best behavior at home, in business, school, July 7th. Be a little mindful of money distribution. Don't let good chances slip through your fingers.

July 24 to August 23 (Leo).—Smart time to save as you earn. The check book for future as well as for present. Be a little more sound, ill-advised schemes as fully, investigate, weigh from all angles.

Informers Cause Farm Tax Woes

REGINA, April 6.—(CP)—A provincial Liberal caucus, meeting tonight by Agriculture Minister Gardiner that political opposition of the federal government were "informing" against their party said should be paying income taxes and were responsible for the flood of demands to fill out income tax forms now going to Saskatchewan farmers.

Caucus sources quoted Mr. Gardiner as saying the "Dominion government will not tolerate an income collection system in which farmers whose incomes are not taxable are hounded into submitting returns."

Mr. Gardiner said that only people with taxable incomes were required to file returns, but under the regulations authorities could demand that anyone must file a return. This demand usually was made if the tax authorities were informed that people were evading tax payments.

Records from all over the province indicate that serious political opposition of the Liberal government has hit upon the device of sending out information about the tax with the result that a large number of farmers are being requested to submit returns.

Order For Retrial Under Challenge

OTTAWA, April 6.—(CP)—A Counsel for the Toronto Star and publisher J. E. Atkinson Monday challenged in the Supreme Court of Canada an order for a retrial of the case against the Star in connection with the Premier Dewar of Ontario.

The libel action arose out of a meeting of the Star's editorial board on Monday, March 23, 1947, at which time the Star's editorial board was asked to publish a "Gestapo" article by the Dewar government.

The Court of Appeals after the original three-day trial in March, 1947.

Czechs Will Change Voting Procedure

PRAGUE, Czechoslovakia, April 6.—(AP)—The ministry of information said Monday 14 procedure for the May 23 election will be discussed in Tuesday's session of the National Assembly's weekly newspaper Prazsky Den, which carried the announcement, said Czechoslovakia has 7,750,000 registered voters.

DOROTHY DIX SAYS—

Man 55, Satisfied With Lot Advised Not to Marry

DEAR DOROTHY DIX: I am a 35 years old. Have never had a girl. Never had a sister and have never known any women except my mother. I live alone, and like it. Have a good job and money in the bank.

My friends are always telling me that I should get married, but why should I take on the responsibility of supporting a woman when I am perfectly happy as I am?

I have never had any particular use for women, anyway. What is your advice?

A MAN.
ANSWER: I don't think you need a husband material, Mr. Man. I think you would be utterly miserable if you got married, and that you would make your wife wretched because you wouldn't be the faintest idea about how to treat her.

You see, women are strange animals, with queer habits and peculiarities, and you really have to be able to understand and be able to handle them.

Otherwise you will be too much afraid of them and they will make you miserable. Or you would be enough afraid of them, and they will get you before you see any danger in the air.

You won't know how to distinguish nerves from temper, or how to get your joy, or what to do to have to persuade them into doing the thing that they have made up their minds all along to do.

HELPLESS CREATURE
I can't think of any creature in the world so helpless as a woman. She doesn't know anything about trying to deal with a wife. What he does is of his mother, not his wife, because mothers are in a class by themselves.

No other woman is as humble and adoring and self-sacrificing, as a woman. This is a mistake. The idea should be parallel to the chin and the stretch should come, not at the chin, but at the back of the neck. This is achieved by holding the chin as steadily as possible and pushing toward the ceiling with the TOP of your head.

If you do this you will experience a feeling of lightness and lack of tension in your neck. This posture lengthens and stretches the spine and muscles through the region of the neck.

This is a good exercise for those neck muscles. Stand or sit in an erect position. Let your head hang down. The chin should be straight to the left and then to the right. This exercise makes some women dizzy. If you are one of these, make one roll to the left then the chin to the right. Try to make your circle complete so that you feel the pull in all directions. This exercise is also relaxing after a hard day.

If you want to have my routine for the neck and chinline, send a stamped, self-addressed envelope to: Josephine Lush in care of The Edmonton Bulletin.

American Plane Completes Three Mercy Flights

HALIFAX, April 6.—(CP)—The American plane, the "Mercury," a United States Navy aircraft, was returning Tuesday or Wednesday after three mercy flights in the Hudson Strait area.

The big Skyliner picked up a badly burned Eskimo baby at Cape Dorset, Baffin Island, delivered drugs and a doctor to administer to some sick Eskimos at Lake Harbour, Baffin Island, and finally picked up a sick Eskimo at Cape Dorset's advance in Ungava Bay.

The sick will be brought to Halifax for treatment at the naval hospital.

24-Ounce Baby

NORWICH, England, April 6.—(AP)—A 24-ounce baby girl was being nursed today at Jenny Lind Hospital's hospital. The infant was born 24 months prematurely to Mrs. Irene Prescott.

Deaths Yesterday

By The Canadian Press
NEW YORK—Mrs. John D. Rockefeller, Jr., 73, died here last night of the wealthiest families in the United States.

THORNTON, Ont.—Charles Hargrave, 80, died last night at his home in Thornhill, Ont.

QUEBEC.—Monsieur Rev. Joseph Omer Plante, 81, vicar-general of the Diocese of Quebec and Titular Bishop of Dobro.

KEYSTONE HEIGHTS, Pa.—George P. H. 84, director of the Camp-of-the-Woods at Spencer, N.Y., and a native of Ayer, Mass., died here.

HAMILTON, Ont.—Dr. James Howard Smith, 84, died here last night at his home in Hamilton, Ont.

ST. LOUIS, Mo.—Frank J. Kelly, 78, editor of the Humboldt Republican and Humboldt Independent for 35 years.

forgetting and as long-suffering to ward a man as his mother.

Besides, her interests do not mesh with his, as do a wife's. No Mother doesn't prepare her son for matrimony.

I think you have waited too long for matrimony and that you are better off as you are. Especially as you are worrying about the support of your wife. If you get married, you will have to open up your pocketbook.

Learn To Dance Now

The South American dance arena is awaiting the country. Are you up there, swinging and swaying with the rest?

Or, have you become a stay-at-home because your dancing is no good?

One thing you can learn at home is the Latin dance. The Samba, second only to the Rumba as the most popular Latin dance in this country.

Samba music is played in a lively 2/4 time that is in keeping with the gay bounding style of the steps.

As shown in the diagram above, start with feet together. Step forward followed by slight bend of knee. And step right a few inches to side, while swinging both knees and raising slightly on balls of feet.

Cross with left, at the same time lowering both heels and bend knees slightly. Rise again on balls of feet. This is the basic forward step.

When trying to cut, find a samba on the radio or play one on the victrola. The rhythm is catching.

Break up on your Rumba. Learn the Tango, give your footrest a new lease on life.

See our helpful Reader Service booklet No. 37 for the latest dance steps. Forty pages of footprints diagrams, complete details on each style of dancing. Lindy hop and waltz, including a new "Tango" and "Samba" (each) for "How To Do The Latest Dance Steps" to the Edmonton Bulletin, Reader Service, 600 Front Street W., Toronto. Print name, address, booklet title and No. 37.

HOUSE SALES

New! Unusually Perfectly charming! This will be your favorite rooming to do—own. Flute-colored interior with a fan-shaped design. Make a lunch set and long stay doilies to match. Pattern 729 has crocheted directions and chart.

Our improved pattern, usual with easy-to-use charts and photos, and complete directions—makes needlework easy.

Send twenty-five cents in coins to the NEW WESTMINSTER B.C. April 6.—(CP)—His foot pressed in the bars at the foot of his bed, Sayer Edward Beaulieu went without food for two days when a neighbor discovered his plight. He was taken to hospital where his condition is reported to be poor.

Highway Safety Act Being Eased

VICTORIA, April 6.—(CP)—Requirements of British Columbia's Highway Safety Responsibility Law will be made easier through amendment of the Highway Act later in the present session of the legislature, Attorney-General Gordon S. Wimmer said Monday.

The superintendent of the motor vehicle branch will be given more discretionary powers in accepting proof of financial responsibility from touring motorists, and an officer in Vancouver also will be vested with the same authority.

Reimbursement arrangements will be reached with other provinces and states having automobile insurance. At the set now reads, financial responsibility cards must be produced in accidents causing damage of \$25 or more, to avoid imposition of the vehicle. This amount will be raised to \$50. Mr. Wimmer said.

In March, the first month of the law's operation, 129 accidents were compounded and only 48 cleared.

While slip covers are still damp, they feel the flounces and then work the damp down to cover the chair. This produces a more even, tidier effect.

George P. H. 84, director of the Camp-of-the-Woods at Spencer, N.Y., and a native of Ayer, Mass., died here.

YOUR BABY AND MINE

Don't Run Interference For Your Children

By Myrtle Meyer Eldred
If you think you have your hands off children when they get into play difficulties. They want to be free to set their own rules, to punish them for misbehaving. At the moment, however, you are running much from the conflict in which he is involved.

Yes, I think someone should tell parents not to interfere in the play of small children.

She writes that we are called on some friends who have a nine-month-old son. The baby sat in his walker and was crying because he wanted to have our girl, 2½ years old, prance around him and kick up his toys as he dropped them.

"Finally, our girl decided to watch her play. But when the baby reached for the toy, the mother insisted that our girl give it to him. It was a very particular toy she wanted herself."

"Daddy then took the toy away from her and the visit was ruined. She began to cry and the hostess did nothing but glare at her. Since I was expected to hold an active, healthy child motionless on my lap, I went home."

Patterns
Ann Adams
Cute like a cat, Sewer a cat. Looks like a million! Tenor, a cat. This is your dress for simply everything this summer. That ago-offie is in one with the bodice!

This pattern, easy to use, simple to be tested for fit. Includes complete illustrated instructions. Pattern 4988 comes in Teen-age sizes 10, 12, 14, 16. Size 12 takes 3 yards of 36-inch fabric.

Send twenty-five cents (25c) in coins (stamps cannot be accepted) for this pattern. Print plainly on name, address, style number. Send your order to The Edmonton Bulletin, Pattern Department, 600 Front Street W., Toronto, 1-A.

BASKET OF TOYS
Mother who have difficulty with their children giving up their toys to guests should keep on hand a box or basket of toys to be played with by them alone.

This allows the small host to have his own toys and the guests theirs and since there is not to be any exchange, each child is agreeable to it, playing together would have one difficulty removed.

At best, your hostess showed her self-temperamentally unfit to handle this situation. Her own selfishness and jealousy may be had by sending a stamped, self-addressed

HOT-FLASHES?

A hot flash is a sudden, intense, burning sensation in the face and neck, often accompanied by a feeling of warmth, flushing, and a feeling of heat. It is a common symptom of menopause.

ANTI-SLIP SELF-POLISHING WAX

Now available for the first time in CANADA

Now, your waxed floors can be beautiful without being dangerous! This household miracle is accomplished with an amazing new scientific discovery, which has already caused sensation in the U.S.A. It's anti-slip!

A Lin-X Wax feature which greatly reduces the danger of slipping and brings household accidents down to a minimum. This great new product is Lin-X Anti-Slip Self-Polishing Wax! It makes waxing as easy as sweeping—

... gives your floors a satin sheen that's both anti-slip and water-proof! Lin-X Anti-Slip Self-Polishing Wax polishes itself—just wipe it on—in 20 minutes the wax is dry, and your floors glow with new beauty under a shining finish that spilled things cannot mar. It's what you've been waiting for... the new, easy way to make your floors bright and beautiful... and safer than you ever dreamed they could be!

Long-lasting floor beauty
Lin-X PASTE WAX
Here's an excellent product to bring long-lasting lustre to hardwood floors. A really superior paste wax that cleans as it polishes—preserves as it beautifies. For a gleaming, water-resistant and non-slip finish that lasts and lasts, ask for Lin-X Paste Wax.

Sparkling, transparent protection
Lin-X CLEAR GLOSS
Indoor or out, you can permanently protect any wood or linoleum surface with Lin-X Clear Gloss. The new post-war alloy resin type finish! Brings it on floors, furniture, woodwork, etc. It's impervious to boiling water, staining grease, fruit juice, sun or rain. Easy to apply, easy to clean.

MEET THE WHOLE FAMILY OF LIN-X HOME BRIGHTENERS
They're at your store... now!

Berlin Tension Russ Smokescreen Designed to Block Moves Against Western Communism

By Alex H. Singleton

LONDON, April 6.—(AP)—British diplomatic authorities interpreted the tension in Berlin Monday as a Russian smokescreen to blot out the Western Powers' anti-Communist moves, but expressed little doubt it would prove effective in the long run.

Russ Atomic Plan Shelved

LAKE SUCCESS, April 6.—(CP)—United Nations committee Monday shelved Russia's atomic control plan as inadequate and unrealistic. The vote was 9 to 2, with the Soviet Union and Russia voting against the majority.

The action was taken by the working committee of the United Nations Atomic Energy Commission. The commission is expected to meet later this month to decide whether to continue attempts to work out world atomic control plans or wind up its work in failure.

Before the vote, Russia's Andrei A. Gromyko charged that the United States had decided against trying to reach agreement on world atomic control.

Gromyko said the five-country group denouncing the Russian atomic proposals.

The four countries, Canada, Britain, China and France, demanded last week that the atomic commission break off further talks on Russia's atomic proposals.

Quebec MP Denies Attack on Clergy

OTTAWA, April 6.—(CP)—Real Caouette, L'Union des Electeurs member of the commons for the Quebec constituency of Pontiac, denied in a prepared statement Monday night that he had attacked the Roman Catholic clergy in a speech at Rouyn, Que., March 14.

Mr. Caouette, who sits with Social Credit members in the commons, said that Julius Meisner, editor of the weekly "La Frontiere," had "maliciously and dishonestly" taken extracts from a speech and given them a meaning completely different from that intended.

In the speech, Mr. Caouette said he had stated that the Social Credit Party would continue to fight all politicians who sowed corruption, scandal and drink in the commons of elections, and who then would want to be "a put white surprise on the backs."

Mr. Caouette, saying he had a great deal of respect for religion, authorities, said that "we never have attacked the clergy and never will we attack it."

Tugboat Sinks, Crew Member Saved

VANCOUVER, April 6.—(CP)—Seven crew members of the tugboat "Tye," are safe after their ship sank in a wind and rain storm Sunday night.

The "Tye" gulfed on the rocks near Merry Island, 40 miles north of Vancouver. Her seven-man crew was rescued by the Vancouver ship Lemara.

These officials said it was more than a coincidence that the Russian stand in Berlin came just as the United Nations congress gave its blessing to the Marshall Plan and only shortly after the western Powers proposed return to Trieste to Italy.

They acknowledged that the Russian challenge of western authority in Berlin had proved effective in grabbing headlines throughout Europe at a time when both the European recovery program and Trieste might have dominated the diplomatic news.

But, cautiously weighing its impact upon Europe in general and Italy in particular they saw a possible benefit in the Berlin crisis may help rather than harm western prestige.

This belief was based upon the firm action and quick resistance by Britain and the United States in rejecting Russian demands for the right to impose stringent checks over ground traffic entering and leaving the city.

RUSSIA IN BAD SPOT

With the world watching for the next move, British authorities said Russia has put herself in the position now of facing a showdown or of losing prestige. And the Western Powers have shown no signs of backing down.

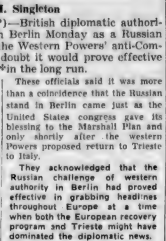

They said that even a deadlock over the Russian demands will leave the Western Powers in Berlin as a symbol of their determination to stand firm against Communist expansion.

And they argued this symbol of resistance may hearten other countries warring off Communist attempts to seize power.

A foreign office spokesman said the dinner meeting in Berlin today between Field Marshal Viscount Montgomery, chief of the British imperial general staff, and Lt.-Gen. Sokolovsky, Russian military commander in Germany, would be purely routine.

He said it was arranged some time ago, and expressed doubt that Russian-Western differences would be discussed.

CARNIVAL By Dick Turner

"Now then, just let yourself go! Does a man good to get a chance to complain once in a while, doesn't it?"

HIS HALCYON DAYS ARE ENDED

LITTLEHAMPTON, England.—The bull with the crumpled horn, is healthy again but his diet never will be the same.

The "room service" has ended over the Russian demands will leave the Western Powers in Berlin as a symbol of their determination to stand firm against Communist expansion.

And they argued this symbol of resistance may hearten other countries warring off Communist attempts to seize power.

A foreign office spokesman said the dinner meeting in Berlin today between Field Marshal Viscount Montgomery, chief of the British imperial general staff, and Lt.-Gen. Sokolovsky, Russian military commander in Germany, would be purely routine.

He said it was arranged some time ago, and expressed doubt that Russian-Western differences would be discussed.

Canadian Skiers In Motion Picture

CALGARY, April 6.—(CP)—A group of Canada's top ski athletes included in the cast of a motion picture called "Shadow of Time," which began production at Banff, Alta., and the Sunshine, Alta. Ski Lodge Monday.

Taking part in the color film, which will feature a ski resume on the heights of the Canadian Rockies, will be Harvey Clifford of Ottawa, Canadian Olympic skier, Gerry Everett of Vancouver, and two Montreal skiers, Yve Allen and Happy Smith.

About one-half of the picture will be filmed in Canada and the remainder at Hollywood. The Hollywood stars in the picture are not known yet.

Women Terrorizers Captured By Police

NAPOLI, April 6.—(AP)—Undaunted police nabbed two terrorizers of women apartment house tenants and locked them in police headquarters for safekeeping today.

The culprit—two white mice.

Communist-Dominated Front Losing Members

ROME, April 6.—(AP)—Members of Communist-dominated Popular Front parties turning in their party cards Italy.

The Rome newspaper Giornale d'Italia said reports of such action had been received from five cities in the agricultural region of Spilato. The reports said the Communist party and the Socialist party, which is allied with the Communists in the Popular Front, were affected.

Several local party secretaries were reported quitting the Popular Front parties.

SOME APPREHENSION

At the same time a dispatch was received from Torino, an important southern port city, that there was apprehension in Socialist ranks over the threatened bolt by Giuseppe Romita, one-time interior minister in Premier Alcide De Gasperi's government.

This split was not expected to materialize until after the April 18 elections. It would be the third split in the Socialist ranks since the party leader, Pietro Nenni, allied the party with the Communists.

Nenni was injured last Monday in an automobile accident in Sicily, the news agency Ansa said. Nenni had been making a campaign tour. He was taken to a hospital in Catania suffering injuries to his hips, right leg and nose.

PRIEST STABBED

Police in Nuoro, Sardinia, said a priest had been found stabbed to death in front of his church in the neighboring village of Lei. The Rome newspaper Giornale d'Italia said "police have grave suspicions against leftist elements."

Coarse Grain Sales Provincial Matter Crown Minister Says

EDMONTON, April 6.—(CP)—Agriculture Minister Tardif said Monday the decision to market coarse-grain through the Canadian Wheat Board was a provincial, not a federal question.

He said it was a "little difficult" to understand the attitude of Premier James of Manitoba who had written Grade Minister Howe saying Manitoba should not commit its farmers to market their oats and barley through the wheat board until a full statement of federal policy had been made.

Mr. Tardif said the federal government had made it possible in market rate and barley under the wheat board if the province wanted it. But it now was up to the province to take action.

IN AN AUTOMOBILE ACCIDENT IN SICILY, the news agency Ansa said. Nenni had been making a campaign tour. He was taken to a hospital in Catania suffering injuries to his hips, right leg and nose.

TRUCK DRIVERS IN "SIT-DOWN" PROTEST STRIKE

CARLETON, Pa., April 6.—(AP)—A drivers' "sit-down" strike called a 1,000 plant trucks Monday along the Pennsylvania turnpike.

Upwards of 500 were parked bumper-to-bumper near this western terminus of the toll road that tunnels beneath seven mountains.

These idle carriers were scattered across the 160 miles to the west end at Irwin, near Pittsburgh.

Mark Holliday, a spokesman for the drivers, said the "sit-down" protest was against a state law fixing a maximum weight of 8,000 pounds for trucks and pay load. Some of the trucks alone weigh 25,000 pounds, he said.

Science Must Aid Mining

VANCOUVER, April 6.—(CP)—Future of Canada's mineral industry will depend largely on the use of scientific methods, Charles Campbell, chief of the Canadian Institute of Mining and Metallurgy in his presidential address at the annual conference of the institute.

"Our new mineral discoveries, especially those of base metals, have been very small," he said. "Progress and expansion of the industry will depend largely upon use of scientific prospecting methods, geophysics and geochemistry and other more difficult metallurgical processes to recover metals from low-grade ores."

Geographic mapping of Canada and its resources will be helpful to place resident geologists in every camp.

"We have entered upon an age of alloys. The science of jet propulsion and nuclear fission is making more and more demands upon our metals to furnish materials capable of meeting the new requirements of construction and operation."

There was strategic mineral number one and recent discoveries in the field of significance.

Gold industry problems had been pointed up by adoption of partly of the new gold standard.

Evatt told the cabinet the full program would involve the acquisition of a new ship in addition to the Wyatt Egan, now being used in Antarctic expeditions.

The cabinet has approved an order of £237,000 for the ship.

It was decided Monday.

Private Hearing On Italian Case

LAKE SUCCESS, April 6.—(CP)—United States sources said Monday night the Big Powers would confer privately Wednesday to consider Italy's application for UN membership.

The United States, Britain and France already have asked for early security council debate on the application, twice vetoed by Russia. It was understood China also has agreed to support Italy.

Russia's Andrei Gromyko has been invited to the Big Powers session but has not yet replied. If he rejects the invitation, the other powers will push for immediate council consideration.

"Only those who underestimate the intelligence of the Italian negotiators could say this thing."

The United States, Britain and France hope to force an early council vote.

Whisky Exports Being Increased

LONDON, April 6.—(AP)—Scottish whisky exports will be increased 70,000 gallons to a total of 850,000 in the 12-month period beginning May 1 to bring in more dollars, Food Minister John Strachey said Monday.

Of the new figure 7,500,000 gallons will be sent to the United States and other hard currency countries for £15,000,000 (\$60,000,000), he said.

In the 12-month period ending next May 1 a total of 6,200,000 gallons will have been exported to hard currency countries for £12,400,000.

The increased exports will mean a 600,000-gallon cut in the country allowance and exports to soft currency areas.

Cousin of King Leads Campaign

LONDON, April 6.—(Reuters)—The Marquis of Carisbrooke, cousin of the King, heads a crusade in Britain to rid the country of increasing bribery and corruption.

At president of the Bribery Prevention League he is supported in the cause of the crusade by Viscount Leveson, head of Lever Brothers; Lord McGowan, chairman of Imperial Chemical Industries; John Cadbury, chocolate manufacturer; and Lord Howland, Chief Scout of the British Empire. Six hundred leading commercial and industrial concerns are represented in the league.

The league has set itself the task of stamping out "jobbery" which it says has become so prevalent in British business and everyday life that never before.

Geoffrey Powell, secretary of the league, said today: "Bribery always makes for bribery and as

U.S. to Bolster Arctic Defences

String of Aleutian Islands Restricted to Military Use

By Morgan Reynolds

WASHINGTON, April 6.—(AP)—The United States will bolster its Arctic defences and indirectly to strengthen Norway's hold on strategic polar islands.

The direct action signals by joint army, navy and air force plans to restrict for all but military use the string of Aleutian islands. These stretch out in a fog-shrouded line toward Russian-held Kamchatka and the Kuriles. They also cover the approaches to Dutch Harbor, which the Japanese attacked along with Pearl Harbor.

Soviets Lose At Conference

GENEVA, April 6.—(AP)—The United Nations and its satellite said Monday the western powers are stifling discussion in the United Nations conference on freedom of information.

The basic freedoms committee of the conference adopted a United States resolution laying down principles for freedom of information. The vote was 16 to 5, with five abstentions. The long discussion of the resolution included numerous views on individual paragraphs and amendments.

SEVEN MAIN POINTS

The American resolution contained seven main points. Among these, it proposed that news personnel should have the widest possible access to all news sources and should be allowed to transmit copy without unreasonable or discriminatory limitations.

Several Russian-proposed amendments or discriminatory limitations of these said the United States draft should not be used for deciding the merits of any individual nation is free.

SOME SUPPORT

The Russian proposal was supported by Belgium, France and Argentina but was defeated by 22 votes to 12.

After a final statement on the resolution, Konstantin Gouline, Soviet delegate, read a statement declaring the western powers had devised a "mechanical way of doing" which all Russian proposals were discarded automatically.

Fish Would Not Bite, Youth Stabbed It

WINDSOR, Vt., April 6.—(AP)—A 16-year-old boy was stabbed in the chest Monday night when he tried to catch a fish in a three-foot deep pool of water.

The boy, named John, was stabbed in the chest by a fish while he was trying to catch a fish in a three-foot deep pool of water.

The boy was stabbed in the chest by a fish while he was trying to catch a fish in a three-foot deep pool of water.

Older Jobs Present Problem

OTTAWA, April 6.—(CP)—Employers must find a way to deal with the problem of older workers, the number of jobs persons more than 45 years of age, an employment expert said Monday.

J. G. Bissell, chief commissioner of the Unemployment Insurance Commission, said in a statement that his recent visit to Western Canada showed the "gravity" of the situation.

Older workers were generally good, but in British Columbia more than 4,000 persons more than 45 were seeking employment.

Conditions from this point of view probably were not as serious as in other provinces, but the problem was Dominion-wide. Employers were reluctant to hire men over 45 were losing "very valuable benefits in the line of experience, reliability and steadiness."

"Without employers' help the problem would tend to become more serious."

Canada Is Credited With Hypnotic Cure

LONDON, April 6.—(CP)—Dr. A. P. Magnot, youthful Canadian physician who has made hypnosis a specialty, has been credited with his second startling achievement in two months.

Acclaimed by London newspapers in February when he hypnotized a 25-year-old mother abandoning her to give birth peacefully to a seven-pound baby, Magnot now is hailed for restoring the hearing, by hypnotic treatment, to a woman deaf for eight years.

Deaf when she was a child, her home during the war, visits to her own doctor and a Harley Street specialist had proved fruitless, she said.

Magnot suggested a manipulative treatment under hypnosis. He told Miss Cowley that while sleeping he would feel "a crack in the neck."

The action followed a telegram sent by the Chamber of Commerce to Prime Minister Mackenzie King asking that the Communist party be outlawed and that the federal government withdraw the benefits of labor legislation from Communist-unionists.

Labor council secretary, P. McKelton, said the Chamber of Commerce had been marshalled against the organized trade union movement and its campaign was being financed "by a generous grant from public funds."

Body of Russian Found in Berlin

BERLIN, April 6.—(AP)—The body of a Russian officer was found Monday in the British sector of Berlin. German police reports said the body was on track of an electric railway and the officer may have been electrocuted.

A British announcement said the cause of death had not been determined, but it was established that no British personnel were involved.

Stevardos Stop Work in Dispute

LONDON, April 6.—(AP)—More than 6,000 stevedores stopped work at five London docks Monday because of an inter-union jurisdictional dispute. The strikers belong to the Transport and General Workers' Union, which says the Transport and General Workers' Union is trying to rid its membership

CANADA'S No. 1 PUBLIC ENEMY FACES SENTENCE

BUFFALO, N.Y., April 6.—(CP)—Earl Oscar Campbell, once known as Canada's No. 1 public enemy, will appear before a jury in New York state Supreme Court April 27 and the district attorney will be called upon to establish formal identification.

Justice George Rorer ordered the court to proceed with the 30-year-old Campbell's trial to identify himself when he appeared for sentencing in a 16-year-old burglary conviction.

Campbell, extradited from Canada two months ago, was named in the indictment to establish Campbell's identification to the satisfaction of judge and jury on April 27. He will face a life term in prison as a fourth offender.

Rail Workers Back on Jobs

BY LESLIE BRODIE

SYDNEY, Australia, April 6.—(CP)—Queensland rail workers returned to their jobs Tuesday on government terms after a 63-day strike.

Waterloo workers, who tied up the rail network for 63 days in a strike March 1, also resumed work. A mass meeting of all strikers decided Monday to accept terms and end the strike.

The dispute almost crippled Queensland's economy. At many country townships would have been starved but for the Royal Australian Air Force.

"BISCUIT BOMBERS"

Since it began operating its trucks, the Queensland Railways has flown 125,000 miles in food relief runs. They will continue feeding for 400,000 people until the rail return to their normal schedules.

The men returned to work at the same wages they were getting before the strike began. Shortly after the dispute committee voted to return to work, an industrial court agreed an immediate hearing of the union's claims for increased marginal rates.

The government repeated its assurance that it would not oppose the men's claims before the industrial court. This assurance was given by Premier Edward Hamilton to the men before the strike began.

Many strikers' wives made no secret of their relief that the strike was over. They were glad to see how they had been unable to feed their families after nine weeks without pay.

Pacts Extended On Training Plan

OTTAWA, April 6.—(CP)—Agreements for vocational training between the Dominion and provinces have been extended two years to April 1, 1950.

An order-in-council tabled Monday in Commons said the agreements may include training of veterans, unemployed workers, foremen and supervisors, youth training and student aid.
